THE MASTER'S TABLE

You are invited to enjoy an educational and fun-filled experience centered on wine and its place in Scripture, the world in the time of Jesus, and our world today.

This workshop allows us to taste, see and learn more about how and why Jesus used wine, grapes and vineyards in His parables and even miracles. We explore the Scriptural references to wine throughout Biblical times and we taste wine and food samples from the time and location of Jesus' ministry. Our Day includes wine tasting, learning about the process of making wine and an enjoyable experience that reflects our own Spiritual journey.

Our day is hosted by Peter Green, Regional Wine Guide and creator of "The Master's Vineyard Wine Tour", and Jessica Dows of Signature Great Events.

Join us for a day of fellowship, fun and the discovery of the true significance of Wine in Scripture.
